

JUN 4 1991

Request for Comments on the Revised Baseline Risk Assessment Report  
for the Dayco Corp./ L. E. Carpenter Co. Site in Wharton, NJ

Jonathan Josephs, Project Manager  
New Jersey Superfund Branch II

Dennis Santella, Chief  
Pre-remedial and Technical Support Section  
Program Support Branch

The purpose of this memorandum is to request comments on the Revised Baseline Risk Assessment Report for the Dayco Corp./ L. E. Carpenter Co. Site in Wharton, New Jersey. Mark Maddaloni of your staff reviewed and commented on the previous draft of this report. Therefore, I am sending him a copy of this memo together with a copy of the Revised Baseline Risk Assessment Report.

Contractors working for L. E. Carpenter and Company submitted the subject report to the New Jersey Department of Environmental Protection and to EPA pursuant to an Administrative Consent Order issued by NJDEP. Since this is an NJDEP enforcement lead project, NJDEP will be setting the due date for comments on the report. I will advise you when I ascertain the due date for comments.

I look forward to receiving your section's comments on the revised risk assessment.

Please contact me at extension 4-8098 if there is a need to discuss this matter.

cc: Mark Maddaloni, PSB (with report)
